BSB EDGE

From Vision to Vanguard

Founded in the summer of **1972** as a modest firm specializing in the marketing of traditional technical books, BSB began its journey with a **clear objective: to make technical knowledge accessible to industries and institutions**. The road to its current form took shape in **1982**, when it broadened the scope to include the **distribution of national and international standards and codes**—an evolution that has since positioned it as a premier provider in the domain.

Initially focused on printed formats, BSB soon embraced technological advancements, transitioning from microfiche to CD-ROMs. A pivotal moment came in **1996**, when the company began **electronic publishing of standards**, laying the foundation for its digital future. This progression led to the launch of comprehensive **online digital libraries** that positioned BSB as a leader in digital standardisation and information access.

In **2013**, the company **rebranded as BSB Edge**, marking a strategic shift towards innovation, accessibility and excellence. More than a name change, this repositioning reflected a renewed mission to envision advancements and lead with agility.

Today, BSB Edge offers fast, efficient and user-friendly digital platforms that ensure seamless access to standards across multiple sectors. Representing over 25 leading Standards Developing Organisations (SDOs), BSB Edge has built a strong reputation for reliability, precision and exceptional service. It has become the preferred resource for organizations seeking standards and compliance support.

An **ISO 9001:2015 certified** organisation, BSB Edge has steadily grown in stature to become an institution par excellence, earning the trust of over 20,000 customers across India and abroad.

Headquartered in New Delhi, with marketing offices in Bengaluru, Mumbai and Vadodara, the company maintains a strong presence in major metropolitan regions to serve the varied needs of its customers.

The expanding footprint and evolving capabilities of BSB Edge continue to affirm its leadership in delivering standards and codes across diverse industries and geographies.

Vision

To be the global leader and trusted source for National and International Standards and Codes—delivering accredited content through smart digital platforms that ensure seamless access, support compliance and empower industries and institutions to innovate, excel and build a sustainable future.

Mission

At BSB Edge, our mission is to deliver lasting impact across every dimension of our ecosystem—Customers, Partners, Employees and Communities.

- **Customers:** To strategically enable industries and institutions across India and beyond by providing seamless access to national and international standards and codes, thus enhancing their reliability, compliance and global competitiveness.
- **Standards Developing Organizations (SDOs):** To be the preferred and exclusive partner for leading SDOs, ensuring effective marketing and dissemination of the technical content that drives safety, innovation and excellence across industries.
- **Employees:** To build a positive, inclusive and growth-oriented workplace where individuals are respected, supported and valued.
- **Community:** To elevate the quality of life by promoting the use of safer and dependable products and services that adhere to the highest international standards.

Core Values

Our values are our foundation—supporting every decision, shaping relationships and defining the principles we stand by.

- **Integrity:** We uphold the highest ethical standards in every action, reinforcing credibility through transparency and legal compliance.
- **Customer Commitment:** We remain attuned to our customers' evolving needs, delivering precise, relevant and timely information on the standards that matter most.
- **Accuracy & Reliability:** We ensure the delivery of up-to-date, reliable and technically accurate standards and codes that support compliance, operational excellence and informed decision-making.
- **Timeliness:** We prioritize speed and efficiency to deliver on time, every time, enabling industries to stay ahead in a fast-moving world.
- **Knowledge Leadership:** We continuously enhance our expertise and stay ahead of industry advancements to educate, inform and strengthen our stakeholders.
- **Effective Communication:** We listen with intent, respond with clarity and act with sensitivity, ensuring every interaction is thoughtful and solution-oriented.
- **Relationship-Centered:** We nurture meaningful and long-term relationships with our clients, partners and team, built on mutual respect, collaboration and shared purpose.
- **Social Responsibility:** We contribute to society through impactful Corporate Social Responsibility (CSR) initiatives, with a special focus on education and knowledge-sharing that uplift communities.

Strategic Solutions. **Distinctive Edge.**

Our strategic solutions span the formats and platforms that transform authoritative standards and codes into accessible, adaptable tools—aligned with the evolving demands of global industry. By enabling consistent performance, resilience and sustainability, we deliver a distinctive **edge** that keeps businesses informed and future-ready.

BSB Edge **CSR Initiative** Social Commitment. Transformative Change.

Corporate Social Responsibility (CSR) plays a vital role in how we conduct business, make decisions and set priorities. BSB Edge's implementation of CSR goes beyond compliance and engages in actions that are aimed to further social good. We believe in contributing to the society something far more valuable—education.

BSB Educational Trust is aimed to embrace responsibility for the company's actions and encourage a positive impact through its activities. The Trust has been founded with the vision to educate under privileged children towards a brighter future. It operates as a non-profit entity and assumes responsibility for the following initiatives:

Supervising the process of scholarship selection and administration.

Facilitating higher education for economically challenged students.

Tracking the advancement of students throughout the entirety of their professional courses.

Propelling societal progress through our CSR endeavour.

To date, over a hundred students have benefited from the CSR initiatives of BSB Edge. A significant number among them have secured promising positions and are leading a self-reliant life by working with renowned and reputed organizations. The sustenance of the BSB Educational Trust is made possible by the collective contributions of our partners, dedicated staff and a select group of philanthropic individuals.
